## Euro Series

**SWITCH 1 GANG LARGE DOLLY**

Complete with clip on cover and one large switch mech 1 OR 2 way mechanism has 5 terminals with accommodate 4 x 1.5mm cables. Common, Earth and looping terminals accommodate 4 x 2.5mm cables (Approval No Q099559) Size: 72mm x 117mm. Fixing centres: 84mm.

**CODE: S1L**

**SWITCH 2 GANG LARGE DOLLY**

Complete with clip on cover and two large switch mech 1 OR 2 way mechanism has 5 terminals with accommodate 4 x 1.5mm cables. Common, Earth and looping terminals accommodate 4 x 2.5mm cables (Approval No Q099559) Size: 72mm x 117mm. Fixing centres: 84mm.

**CODE: S2L**

**DIMMER OR FAN CONTROL LARGE DOLLY**

Complete with clip on cover with one dimmer mech. This unit is single gang plate and cover using an adaptor and a dimmer module Size: 72mm x 117mm. Fixing centres: 84mm.

**CODE: LD300L**

**TV OR PAY SOCKET LARGE DOLLY**

Complete with clip on cover with one tv/pay tv mech. This unit is single gang plate and cover using an adaptor and tv or pay tv socket Size: 72mm x 117mm. Fixing centres: 84mm.

**CODE: TVL or TVFL**

**SOCKET RJ45 LARGE DOLLY**

Complete with clip on cover with one RJ45 mech. This unit is single gang plate and cover using an adaptor and rj45 socket Size: 72mm x 117mm. Fixing centres: 84mm.

**CODE: RJ1L**

**SWITCH 1 GANG LARGE DOLLY FORMAT**

Complete with clip on cover and one large switch mech. 1 OR 2 way mechanism has 5 terminals with accommodate 4 x 1.5mm cables. Common, Earth and looping terminals accommodate 4 x 2.5mm cables (Approval No Q099559) . Size: 120mm x 120mm. Fixing centres: 84mm.

**CODE: S1LL**

**SWITCH 2 GANG LARGE DOLLY FORMAT**

Complete with clip on cover and two large switch mechs. 1 OR 2 way mechanism has 5 terminals with accommodate 4 x 1.5mm cables. Common, Earth and looping terminals accommodate 4 x 2.5mm cables (Approval No Q099559) Size: 120mm x 120mm. Fixing centres: 84mm.

**CODE: S2LL**

**SWITCH 3 GANG LARGE DOLLY FORMAT**

Complete with clip on cover and three large switch mechs. 1 OR 2 way mechanism has 5 terminals with accommodate 4 x 1.5mm cables. Common, Earth and looping terminals accommodate 4 x 2.5mm cables (Approval No Q099559) Size: 120mm x 120mm. Fixing centres: 84mm.

**CODE: S3LL**

**SWITCH 4 GANG LARGE DOLLY FORMAT**

Complete with clip on cover and four large switch mechs 1 OR 2 way mechanism has 5 terminals with accommodate 4 x 1.5mm cables. Common, Earth and looping terminals accommodate 4 x 2.5mm cables (Approval No Q099559) Size: 120mm x 120mm. Fixing centres: 84mm.

**CODE: S4LL**

**POWER POINT SINGLE LARGE DOLLY**

Complete with clip on cover and one large switch mech and one 3 pin socket. The terminals will accommodate 4 x 2.5mm cables (Approval No Q00297) Size: 72mm x 117mm. Fixing centres: 84mm .

**CODE: P1L**

**POWER POINT TWIN LARGE DOLLY FORMAT**

Complete with clip on cover and two large mechs and two 3 pin sockets. The terminals will accommodate 4 x 2.5mm cables (Approval No Q00297) Size: 120mm x 120mm. Fixing centres: 84mm.

**CODE: P2LL**

**POWER POINT SINGLE LARGE DOLLY FORMAT WITH EXTRA SWITCH**

Complete with clip on cover and two large mechs and one 3 pin socket. The terminals will accommodate 4 x 2.5mm cables (Approval No Q00297) Size: 120mm x 120mm. Fixing centres: 84mm.

**The PoweRun Euro Series of large dolly switches and power outlets are manufactured in accordance with AS/NZS3100, AS/NZS3133 meeting all relevant Australian Standards, and complies with the latest wiring rules & exceeds all electrical supply authority standard(s).**

**The Euro series is the brand of choice for many electricians for its ease of installation and its durability and flexibility.**

**The Euro Series plug & play adaptor allows the Euro Series to be universally intergrated with data & electrical accessories, such as phone, internet, fan controls, call systems and many more.**

# **Euro Series**

The Euro series is ergonomically designed for particular ease of use, by all ages, for the disabled and the abled alike.

The Euro Series has a stylish bevelled edge cover available in classic white (pearl) and the very modern satin chrome.

The smooth back arched rocker switches of the Euro Series have won industry acclaim and the Nichelex Disable design award.

“The projects we have completed using the PowerRun Euro Series have been so easy and we have never had a failure”  
Ron Cameron R.W.D.
